

# Thermoplastic Hydraulic Hoses

## Your perfect product solution in ultra-high pressure hydraulics

- ☆ High flexibility
- ☆ Significant weight reduction compared to comparable rubber hoses
- ☆ Long service life, high ozone and UV-light resistance
- ☆ Wide range of hose fittings
- ☆ High-pressure hydraulic couplings available
- ☆ Availability of double hoses

### Applications:

autofrettage, hydroforming, torque wrenching,  
hydraulic assembly presses, bolt tensioning
