Tube cleaning fittings

## COMPACT FITTINGS FOR EFFICIENT PIPE CLEANING

- ☆ Reduces the outer diameter of the fitting compared to standard fittings
- ☆ Excellent handling: easier cleaning in small pipes and pipe bends
- ☆ Significantly higher cleaning efficiency and reduced operating times thanks to the option of using larger inner hose diameters
- ☆ Simple nozzle mounting
- ☆ **OnePiece Fittings**<sup>®</sup> for working pressure from 900 bar to 1,400 bar
- ☆ **Blast-Pro**<sup>®</sup> for working pressure from 1,500 bar to 3,035 bar
